Aged Care Day Centre

Integrated Aged Care Team

Service description

Provides an environment in which the socially isolated senior citizens of Tamworth can make new friends and hone their skills, thus enhancing their ageing process and allowing their Carer time to attend to other matters. A range of activities are provided for day centre clients, including:

- Card and number games
- Bus outings on Wednesday for lunch or morning tea.
- Music and Entertainment
- Celebration of special days e.g. Christmas in July, St Patricks Day, Easter, St Valentines Day, Seniors Week.
- Educational talks e.g. Diabetes, Falls Minimisation.
- Men's Social Group outings on Thursday

Who can use the service?

Older and frail people aged over 65 years who live in the community and younger people who have moderate, severe or profound disabilities. Carers of people who have a disability.

Service hours

The Centre operates 4 days per week – Monday, Tuesday, Thursday and Friday – from 9.30 am to 2 pm. Bus outings on Wednesday.

Chronic Care for Aboriginal People

Service description

The Integrated Chronic Care for Aboriginal People Program (ICCAPP) attempts to improve health outcomes and quality of life for Aboriginal people, their families and carers, with chronic health conditions within Peel, Mehi and Tablelands Sectors. The aim of the service is to prevent, detect and treat the progression of chronic diseases including diabetes, renal, respiratory and cardiac disease. Services include assessment, early intervention, secondary prevention, self-management and education programs, and short term case management of individuals. Phone support is available as well as the follow up within 48 hours of discharge of Aboriginal patients admitted with chronic disease to a HNE hospital.

Who can use the service?

Community Nursing

Primary Care Services

Service description

Community based nursing provide assessment, monitoring, support and advice, health education, clinical nursing procedures, supervision and administration of medications, wound care, and palliative care. Services are provided either in the home or a clinic setting.

Community nurses work in partnership with other health professionals and community groups to provide culturally appropriate service provision to designated community groups.

By working in partnership with the hospital discharge planners, clients are assisted to maintain their independence and avoid prolonged hospitalisation by having clinical procedures attended in the community setting.

Home visits or Clinic appointments (at hospital or Coledale Centre) are offered.

Who can use the service?

Any member of the community in need of nursing care in the Tamworth area.

Service hours

Monday – Friday 7.30am to 4.00pm. A limited service is available at the weekend.

Who can refer?

Hospital, GP or other health professional. Self/family referrals accepted through My Aged Care only.

How to refer?

Joint Investigation Response Team (JIRT) – Health

Child and Family Allied Health Team

Service description

NSW Health is an equal partner in Joint Investigation Response Teams (JIRT) working jointly with NSW Police Force and the Department of Family and Community Services (FACS) to provide a response to children and young people who experienced sexual assault and/or serious physical abuse and neglect that meet the JIRT referral criteria and their families in each Local Health District. The role of NSW Health in JIRT is:

- Decision making with regard to investigation and assessment.
- Responsibility for the provision of medical and forensic examinations.
- Arranging services to respond to the medical and psychosocial support needs of children, young people and their families as early as possible after abuse or neglect has been reported.

The JIRT Senior Health Clinicians (SHC) lead the NSW Health response in the JIRT program and participate in development of a Local Planning and Response (LPR) with the other two partners. The JIRT SHC work closely with Sexual Assault Services and other Health professionals.

Who can use the service?

Children and young people between 0 and 17 years inclusive who have been reported to the Family and Community Services (FaCS) Helpline and deemed eligible for JIRT response

Service hours

Monday to Friday 8.30am to 5.00pm with some after-hours coverage provided by the Child Abuse Squad (JIRT Police)

Who can refer?

JIRT Referral Unit (JRU) only.

How to refer?

Mandatory reporters and concerned members of the community can report children suspected to be at risk of sexual harm, physical harm and neglect to the Family and Community Services Helpline on 132 111 or 133 627 for mandatory reporters. The Helpline is available 24 hours / 7 days. Reports made to the Helpline are assessed and sent on to Tamworth JIRT if it is determined a JIRT response is required,

SWISH

Connecting Care Services

Service description

The NSW Statewide Infant Screening - Hearing (SWISH) Program is aimed at identifying all babies born in NSW with significant permanent bilateral hearing loss by 3 months of age, and for those children access to appropriate intervention by 6 months of age. Identification is achieved through universal hearing screening of all newborns in NSW using Automated Auditory Brainstem Response (AABR) technology. If newborns do not pass hearing screening they are referred for Diagnostic Audiological assessment.

The SWIS-H program provides:

- Newborn hearing screen
- Referral
- Education
- Support
- Collation of data
- Identification of infants with risk factors for progressive hearing loss.

Who can use the service?

Transitional Aged Care

Integrated Aged Care Team

Service description

The Peel Cluster Transitional Aged Care program is designed to address the needs of senior people who, in the absence of the program, would require residential aged care. It is a time-limited (12 weeks) period of support and low intensity therapy in a community setting. It provides senior people who have been assessed by an Aged Care Assessment Team (ACAT) whilst in hospital as eligible, with an opportunity to optimise their functional capacity and determine their appropriate long-term care requirements. Provision of a goal-oriented therapy program which aims to help patients achieve their goals in their own home environment or a home-like environment. Support is provided for activities in which the patient is not fully independent. Services are tailored according to each individual client's requirements and are adjusted as the client's function improves.

Who can use the service?

Senior people who:

- At the completion of their acute/sub-acute hospital episode and whom are ready for discharge and have the capacity to benefit from a period of low-intensity therapy and who have been assessed by the ACAT team as eligible for at least low-level residential aged care.
- Are in the process of making a decision about their long-term care options after a stay in hospital.

Service hours

- Monday – Sunday 7.30am to 4.30pm
- 24 Hour Phone Contact – All emergencies are to be directed to 000.

Who can refer?

Hospital staff refers to Aged Care Assessment Team for eligibility. ACAT refers to TACP.

How to refer?

Written referral – sent directly to centralise ACAT intake.

Staffing

Multidisciplinary Team.

Cost

Nil.
